BRIDGE REPAIRS ON NH ROUTE 101 EASTBOUND IN MANCHESTER
LANE CLOSURE IN EFFECT DURING DECK PATCHING WORK

The New Hampshire Department Of Transportation announces bridge deck repairs will take place Monday, September 10, 2001 in Manchester on the eastbound NH Route 101 bridge over NH Route 28 Bypass. This work will require a lane closure, limiting traffic to one lane on the bridge.

This bridge repair work will begin after 9:00 a.m. and continue until 3:00 pm on September 10, weather permitting.

The NHDOT Bridge Maintenance crew will attempt to avoid working on the bridge during peak traffic hours, but motorists heading eastbound on NH Route 101 should expect delays at Exit 1 in Manchester.

Plans are to use advanced warning signs, arrow boards, cones and State Police to assist motorists through the work zone.
